

Research Project

Income distribution and inequality measurement

Project funded by own resources

Project title Income distribution and inequality measurement

Principal Investigator(s) [Kleiber, Christian](#) ;

Project Members [Spasova, Tsvetana](#) ; [Gallusser, David Robin](#) ; [Acemoglu, Sinan](#) ;

Organisation / Research unit

Departement Wirtschaftswissenschaften / Ökonometrie und Statistik (Kleiber)

Project start 01.04.2007

Probable end 31.12.2025

Status Active

The project studies methodological aspects of inequality measurement and income distribution. Topics include:

- Inequality measurement in heterogeneous populations
- Modelling income distributions beyond the national level
- Classical inequality measurement and top incomes
- Fitting income distributions for different data structures

Keywords Income distribution, personal income, inequality measurement, Lorenz curve

Financed by

University funds
