Research Project

Evaluation of the cutting precision and accuracy achieved by laser photoablation of hard tissue with CARLO medical device.

Third-party funded project

Project title Evaluation of the cutting precision and accuracy achieved by laser photoablation of hard tissue with CARLO medical device.

Principal Investigator(s) [Cattin, Philippe Claude](#) ;

Organisation / Research unit

Departement Biomedical Engineering / Biomaterials Science Center (Müller)

Department

Project start 01.07.2011

Probable end 30.06.2012

Status Completed

Financed by
