Research Project

Measuring contractile cell forces to identify nano- and microstructures for tailored medical implant surfaces

Third-party funded project

Project title Measuring contractile cell forces to identify nano- and microstructures for tailored medical implant surfaces

Principal Investigator(s) [Müller, Bert](#) ;

Organisation / Research unit

Departement Biomedical Engineering / Biomaterials Science Center (Müller)

Department

Project start 01.09.2011

Probable end 31.12.2011

Status Completed

The correct source of funding is SATW / Swiss Nanoscience Institute (SNI)

Financed by

Foundations and Associations
