Research Project

DNA Repair, Epigenetic Stability, and CpG Island Hypermethylation in Colorectal Tumorigenesis

Third-party funded project

Project title DNA Repair, Epigenetic Stability, and CpG Island Hypermethylation in Colorectal Tumorigenesis

Principal Investigator(s) [Schär, Primo Leo](#) ;

Organisation / Research unit

Departement Biomedizin / Molecular Genetics (Schär)

Department

Project start 01.09.2010

Probable end 31.08.2012

Status Completed

Financed by
