

Universität
Basel

Achievement

Multilevel quadrature for elliptic stochastic partial differential equations

Invited presentations at conferences

Object ID 2295178

Presenting Person [Harbrecht, Helmut](#) ;

Function Professor/in;

Organization / Research Unit

Departement Mathematik und Informatik / Computational Mathematics (Harbrecht)

Name of conference / meeting Discrepancy, Numerical Integration and Hyperbolic Cross Approximation

Place of conference Bonn (Germany)

Title of presentation Multilevel quadrature for elliptic stochastic partial differential equations

Date 24.09.2013
