Arsenic Biogeochemistry – from the molecular to the catchment scale

Thesis (Dissertationen, Habilitationen)

ID 2358935

Author Jen How Huang

Author at UniBasel [Huang, Jen-How](#) ;

Year 2014

Title Arsenic Biogeochemistry – from the molecular to the catchment scale

Type of Thesis Habilitation;

Start of thesis 03.03.2007

End of thesis 12.03.2014

Name of University University of Basel

Name of Faculty Philosophisch-Naturwissenschaftliche Fakultät;

Supervisor(s) / Fachvertreter/in Alewell, Christine ;

Keywords heavy metals, arsenic, biogeochemistry, biogeosciences, redox chemistry
