Editor(s) Rippl, Gabriele

Book title Handbook of Intermediality: Literature – Image – Sound – Music

Publisher De Gruyter

Place of publication Tübingen

Pages 475-493

ISSN/ISBN 978-3-11-031107-5

Series title Handbooks of English and American Studies

Number 1

Bringing together sound studies and intermediality theory, this essay revisits the notion of 'literary acoustics' to inquire into the usefulness of intermediality studies for analyzing the relations between literature and sound. The second part of the essay is dedicated to an illustrative analysis of Ben Marcus's highly experimental, noisy book *The Age of Wire and String*.
