Title Unraveling ties. From social cohesion to new practices of connectedness

Publisher Campus

Place of publication Frankfurt a. M.

ISSN/ISBN 978-3-593-36846-7

Unraveling Ties is a unique addition to current debates in sociology—a compilation of essays mapping the creation of community life in a modern world that often appears alienating, cold, and even threatening. Topics range from family life and friendship to the integral role of the deviant in society. The result is a thoughtful, meticulously researched volume that will be useful to sociologists, economists, and anyone interested in the creation of community in a decentralized and rapidly globalizing world.
