Title A note on Maurin's theorem

Journal Rendiconti Lincei. Matematica e Applicazioni

Volume 21

Number 3

Pages / Article-Number 251-260

We combine the strategy described in a paper of the first, third and fourth authors with a recent result of the second author to obtain a new proof of Maurin's Theorem to the effect that the points satisfying two independent multiplicative relations on a fixed algebraic curve form a finite set when there is no natural obstacle.
