Title A note on the initial-boundary value problem for continuity equations with rough coefficients

Book title (Conference Proceedings) Hyperbolic problems: theory, numerics, applications

Volume 8

Place of Conference Padova, Italy

Year of Conference 2012

Publisher American Institute of Mathematical Sciences

Pages 957-966

ISSN/ISBN 978-1-60133-017-8

In this note we establish the existence of solutions of initial-boundary value problems for continuity equations with low regularity coefficients. We also announce a uniqueness result and some related counterexamples.
