Title 4'-Chloro-2,2':6',2''-terpyridine

Journal Acta Crystallographica Section E: Structure Reports Online

Volume 62

Number 10

Pages / Article-Number O2497-O2498

Keywords cambridge structural database; crystal-structures; metal-complexes; 2,2'-6',2''-terpyridine

In the title compound, C₁₅H₁₀ClN₃, the terpyridine unit adopts a trans,trans conformation. Molecules assemble into [π]-stacked columns along the b axis, with an interplanar distance of 3.51 Å.
