

Universität
Basel

Achievement

Berry's phase and persistent currents in mesoscopic rings.

Invited presentations at conferences

Object ID 441767

Presenting Person [Loss, Daniel](#) ;

Function Professor/in;

Organization / Research Unit

Departement Physik

Departement Physik / Theoretische Physik Mesoscopics (Loss)

Name of conference / meeting 18th Midwest Solid State Theory Symposium,

Place of conference Northwestern University, USA,

Title of presentation Berry's phase and persistent currents in mesoscopic rings.

Date 01.06.1990
