

Research Project

Georg H. Endress Postdoctoral Fellow Dr. Andreas Kuhlmann

Third-party funded project

Project title Georg H. Endress Postdoctoral Fellow Dr. Andreas Kuhlmann

Principal Investigator(s) [Warburton, Richard](#) ;

Co-Investigator(s) [Zumbühl, Dominik](#) ;

Organisation / Research unit

Departement Physik / Experimental Physics (Warburton)

Department

Project start 01.05.2018

Probable end 30.04.2021

Status Completed

The project aims to develop elements for scalable quantum computation with CMOS qubits

Financed by
