## Research Project

# Integrating Deep Neural Networks and 3D Morphable Models for a Faster and More Robust Facial Image Analysis

### Third-party funded project

**Project title** Integrating Deep Neural Networks and 3D Morphable Models for a Faster and More Robust Facial Image Analysis

**Principal Investigator(s)** [Kortylewski, Adam](#) ;

**Co-Investigator(s)** [Vetter, Thomas](#) ;

**Organisation / Research unit**

Departement Mathematik und Informatik / Computergraphik Bilderkennung (Vetter)

**Project start** 01.08.2018

**Probable end** 31.01.2019

**Status** Completed

Integrating Deep Neural Networks and 3D Morphable Models for a Faster and More Robust Facial Image Analysis

**Financed by**

University of Basel
