Title Contemporary Debates in Bioethics: European Perspectives

Publisher Siendo

Place of publication Berlin

ISSN/ISBN 978-3-11-057120-2 ; 978-3-11-057121-9

The volume aims to capture a European gist of theoretical sensibilities, conceptual resources, and research interests, but not in an adversarial way, as opposed to American bioethics. The volume gathers contributions from European scholars as they collaborate and form a research network, drawing on a diversity of philosophical traditions and local knowledge, with the aim of debating universal bioethical problems.
