Title Charles F. Manski (2019): Patient Care under Uncertainty

Journal Jahrbuch Ethik in der Klinik

Volume 13

Pages 315-324

What can we know about risk of disease and treatment response? The short answer is: less than we might think. Our ability to assess a patient's risk of disease and to predict treatment response is materially limited. But how should we incorporate this uncertainty into guideline development and clinical decision-making?
