Title Science policy recommendations for funding real-world laboratories and comparable formats

Journal GAIA - Ecological Perspective for Science and Society

Volume 29

Number 1

Pages / Article-Number 63-65

Keywords real-world laboratories, recommendations, research funding, science policy, transdisciplinary research, transformative research

Dealing with a research format that is both transformative and transdisciplinary remains a challenge, also for funders. Based on insights gained from accompanying 14 projects running as real-world laboratories in Baden-Württemberg from 2015 to 2019 - the so-called BaWü Labs, ten recommendations are proposed for funders.
