Organisation / Research unit

Departement Rechtswissenschaften / Professur für Europarecht (Tobler)

Europainstitut / Europäisches Recht (Tobler)

Project start 01.09.2016

Probable end 31.08.2021

Status Completed

The thesis deals with instruments of governance in the comprehensive approach of EU asylum and migration policy, notably also soft-law instruments. The main research question is: "How do governance instruments, including legislative and other legally binding sources, interact in the internal and external dimension of EU asylum and migration policy?"

Keywords Migration, asylum law, European Union, governance, soft-law
