Research Project

Entsorgungskosten: Überprüfung der Kostenberechnung

Third-party funded project

Project title Entsorgungskosten: Überprüfung der Kostenberechnung

Principal Investigator(s) [Weigt, Hannes](#) ;

Organisation / Research unit

Departement Wirtschaftswissenschaften / Energieökonomik (Weigt)

Department

Departement Wirtschaftswissenschaften

Project start 01.07.2021

Probable end 30.06.2021

Status Completed

The main objective of the expert evaluation is the critical review of the cost estimates used in the 2021 nuclear assessment. In particular, the existence of optimism bias in the cost estimates including probability distributions and a critical comparison with other complex infrastructure projects with long durations.
