

Research Project

Structure and mechanism of Leptospira's virulence switch

Third-party funded project

Project title Structure and mechanism of Leptospira's virulence switch

Principal Investigator(s) [Hiller, Sebastian](#) ;

Organisation / Research unit

Departement Biozentrum / Structural Biology (Hiller)

Department

Departement Biozentrum

Project start 01.09.2022

Probable end 30.08.2024

Status Active

Structure and mechanism of Leptospira's virulence switch

Financed by
