

Universität  
Basel

Achievement

Receptors and Signaling in Plant Development and Biotic Interactions,  
Tahoe City, California

**Organisation of scientific meetings**

**Object ID** 488338

**Organisator(s)** [Boller, Thomas](#) ;

**Organization / Research Unit**

Departement Umweltwissenschaften / Pflanzenphysiologie Pathogenabwehr (Boller)

**Association for which the meeting was organised** Keystone Symposia on Molecular and Cellular Biology

**Title of meeting/conference** Receptors and Signaling in Plant Development and Biotic Interactions,  
Tahoe City, California

**Funding sources** Keystone Symposia on Molecular and Cellular Biology

**Date from** 14.03.2010

**To** 19.03.2010
